JUICEMASTER® PROFESSIONAL

60 years ago, Thielmann Rotel marketed the first juice extractor featuring an automatic pulp ejection system. A highly qualified Swiss engineering team have developed the NEW "Juice Master Professional®"- juice extractors for the 21st century.

Our Company Thielmann Rotel International GmbH is an engineering and tool manufacturer with a sales network of automatic juice extractors and parts worldwide. All our juice-extractors are made of Swiss and European components and are fully assembled in Europe. We are known and recognized worldwide for the reliable Swiss-quality standard of our product range which we manufacture under strict quality guidelines in state of the art production facilities. Today our range contains two models of „Juice Master Professional®“ automatic juice extractors which are highly appreciated by domestic and professional users.

JUICEMASTER
PROFESSIONAL

Weight: 4.2 kg
Dimensions: L: 19cm
 D: 31cm
 H: 38 cm

Feed tube is 7,5cm Ø - whole apples can be inserted

Highly reliable, air cooled universal motor Pnom 240Watt (230V), 270Watt (110V), Pmax 800Watt - suitable for 50 and 60 Hz, capacity: up to 60kg carrots per hour

Automatic pulp ejection system and special designed cover - prevents clogging

Juicer housing is from stainless steel AISI 304 - preventing oxidation of the juice

Electronically governed speed control 6300rpm - extracts fruit and vegetables to the last drop, not destroying any enzymes

Turbo boost switch - for cleaning the basket and balancing out possible vibrations

With additional safety handle lock - more protection

Simple to use – Easy to clean - cover and pulp container suitable for the dishwasher

A professional unit with a full stainless-steel body and a performance to meet the highest expectations. The unit has an extra large feeding tube and a large pulp container to enable professional juicing. It includes a very strong basket with stainless-steel cutting blades and a stainless-steel strainer mesh. This is a high quality appliance built using „swiss-technology“ for a lifetime of dependable service.
