3monkeez[®]

MISSION STATEMENT

Put people first. Build a great product.
Reinvent industry expectations.

At 3monkeez, we understand that building a great quality and reliable product is only part of the story.

We provide an experience for our customers that exceeds expectations and makes us a trusted supplier of commercial plumbing and catering products across Australia. By putting people first our highly trained team can not only provide the right product and support, they also work closely with our customers to build long-lasting and rewarding relationships.

Through our commitment to manufacturing exceptional products and offering an unmatched experience for our customers we always strive to exceed and reinvent customer expectations when it comes to dealing with 3monkeez.

**GUARDIAN
TAPWARE**[®]

CLEANAJET[®]
STAINLESS STEEL

People are at the centre of everything we do. We provide industry leading customer service with a highly trained team of professionals available across Australia.

As a supplier of commercial stainless steel products for over 30 years the quality of our products matter to us. Our products will always provide creative and reliable solutions.

We are committed to providing innovative solutions that exceed customer expectations through our customer service, products, resources and unbeatable delivery times.

Premium Quality

To ensure 3monkeez[®] tapware withstands the rigors of any commercial application, our Guardian Tapware[®] and Clean-A-Jet[®] range of products are manufactured from 100% stainless steel (S/S).

The clean, attractive appearance and premium qualities of stainless steel protect your health and the environment, making it ideally suited to modern fit-outs to provide a lifetime of satisfaction.

ZERO LEAD CONTAMINATION

Water quality not compromised.

NO GRIME BUILD-UP

Waterways remain clean and the quality and taste of the water is not distorted.

SMOOTH FINISH

Stainless steel provides an easy to clean surface and prevents the build-up of bacteria.

HIGHLY DURABLE

Strong material reducing the occurrence of dents and bends.

SMALL FOOTPRINT

Stainless steel is 100% recyclable.

Commercial Tapware

CLEANAJET®

STAINLESS STEEL

Pre-Rinse Units

3monkeez® is committed to bringing you products that last. Constructed from complete stainless steel, our Pre-Rinse units not only have a clean, attractive appearance, they are able to meet the demands of even the toughest commercial applications to provide a lifetime of satisfaction.

FIRST IN FULL STAINLESS STEEL* WITH PREMIUM 2 YEAR ONSITE WARRANTY

Designed, fully assembled and individually bench tested in Australia.

* All rubber components on our stainless steel products are nitrile butadiene rubber.

Variable Spray Gun

Equipped with our unique variable spray gun, making it easy to adjust the intensity of the spray, 3monkeez® pre-rinse units also offer versatility and adaptability, being the highest quality tapware solution available.

3monkeez.com.au

CLEANAJET®

STAINLESS STEEL

REIMAGINED PRE-RINSE UNIT AND SPRAY GUN

We have reimagined our trusted Pre Rinse Units to provide a new and improved design that adapts to you and your needs. Equipped with an updated variable spray gun and fitted with a redesigned hose optimised to withstand rigorous commercial settings, this is the highest quality tapware solution available.

INTUITIVE DESIGN

A carefully considered design positions the new lock and trigger for natural movement and comfort.

ERGONOMIC GRIP

The reinvented handle fits to the shape of your hand and has added ridges for a comfortable and solid grip.

VARIABLE SPRAY

A spray setting that adapts to you. Switch from a chisel jet to a shower spray with ease.

FULLY ASSEMBLED

Individually bench tested and ready to install.

Stainless Steel Sink and Basin Mixers

The sleek, sophisticated design of 3monkeez[®] basin and sink mixers make them ideal for your next project. The compact design of our basin mixers make them perfectly suited to bathroom basins, while our sink mixers are ideally suited to kitchen and laundry applications.

This versatile range also comes with the option of lever handles, to provide greater ease of operation and offer a solution for disability applications.

Zero Touch Range

3monkeez® new Sensor Range adds a hygienic finishing touch to every project. Leave behind germs, bacteria and viruses with tapware that use hands-free technology and infrared sensors to provide a reliable, contact-free solution. With sensor-operated Compact Bubblers, Bottle Fillers, and Bib and Pillar Taps, and flexible wall or hob mounted installation options, there is bound to be a hygienic hands-free option to suit your next project.

Constructed from 100% stainless steel these products also carry the Guardian Tapware® by 3monkeez® guarantee, offering not only attractive designs, but the strength, reliability and impressive water quality protection that can only be assured by stainless steel construction.

Adjustable Bib and Pillar Taps

3monkeez are first to offer a fully adjustable time flow cartridge as an option for Bib and Pillar Taps.

This unique feature allows the shut off time of the tap to be easily adjusted between 0 seconds (on/off) to 18 seconds plus; giving you the flexibility to vary the flow time to suit any application or requirement. Results may vary to due different pressures.

45 Degree Metal Mouthguard Bubbler with Hob Mount Sensor
