

Edlund Helios™ UV Knife Sterilizer Cabinet

The new KSUV-18 Knife Steriliser Cabinet from Edlund provides superior sterilisation compared to other methods or products using magnetic bars or metal racks to secure the knives. The exclusive non-filtering clear slotted knife holder and special mirrored interior walls eliminate shadows on knife surfaces within the cabinet that could otherwise prevent complete sterilisation. The easy to operate mechanical timer can be set for up to 15 minutes with an audible alarm indicating sterilisation is complete. Independent tests prove that the KSUV-18 will safely sterilise your knives in as little as 3 minutes with 99% efficacy* saving valuable time and improving productivity.

FEATURES INCLUDE:

- ▶ 15 minute timer with audible alarm
- ▶ Holds up to 12 knives
- ▶ Stainless steel construction
- ▶ LED lights indicate when door is closed and sterilisation is in process
- ▶ UV filtered plexiglass door with lockable keyed handle
- ▶ Exclusive non UV filtering slotted knife holder
- ▶ Exclusive 13 month warranty
- ▶ 2 Larger slots to accommodate cleavers
- ▶ 240 volts 30Watts supplied with 10Amp plug
- ▶ Safety interlock door
- ▶ *99% effective in 3 minutes
