

FOOD ISLANDS

THE ESSENCE RANGE

ESSENCE

Food Islands

The Essence Range forms part of the AFINOX food island range. The Essence range offers a high quality and aesthetically pleasing way of presenting food through modern materials and it's attractive design. It boasts universal glass sneeze guards on polished chrome or stainless steel side supports and LED energy-saving lighting for cold units and hot halogen lamps for hot units.

The range offers various models- cold well, heated well and tier displays with advanced technology to reliably highlight and deliver food.

KEY FEATURES:

ENVIRONMENTALLY FRIENDLY

The range has a 50mm CFC-free and zero ODP foam to improve energy efficiency and reduce the carbon footprint.

IMPROVED HYGIENE

All cold blown-air units are supplied with filters on the evaporation to guarantee perfect hygiene.

LOCAL SERVICING

Servicing and parts are local and easily accessible as Able operates from Western Australia. Maintenance time is reduced as the refrigerating unit is mounted on sliding runners.

ACCESSORIES

With a large range of accessories and products, all item profiles match creating uniform displays throughout the product line. The Essence range includes different types of cupboards for cutlery, bread, trays and plates.
