HEATED BUILT-IN WELLS

HWB-FULD rectangular & HWB-QTD round models

Hatco Built-In Heated Wells hold heated foods at safe serving temperatures.

Compared to other models, these Hatco units offer insulated wells for better heat retention, larger drains with flat well screens, more consistent holding temperatures through superior element design, heavier stainless steel construction, easier-to-service design for quick-change of components, and a remote thermostat with separate power switch. Available in wet or dry operation.

Available in rectangular and round models, all units are supplied with a control panel and connected with a 918mm flexible conduit for remote mounting and come with 3/4" NPT drain hole.

HWB-FULD pictured with accessory food pan (not supplied).

Convenient separate On-Off control and thermostat.

Round Built-in wells 4QT, 7QT and 11QT models.

Optional pan inserts and lids.
